In the face of COVID-19, training has never been the same!!!

In 2021, training has been conducted remotely and on digital platforms, thus resulting in dramatic changes for the training industry.

Through Remote Online Training, participants living in distant areas can save time and effort for attending training anywhere.

Demand for Remote Online Training has increased significantly over the past few months, and we believe it will continue to grow.

Please see the calendar below for more information about our Remote Online classes that are open to the public.
